## 5.10 The One With The Inappropriate Sister

Because of his boredom while away from work, Ross offers to help Joey focus on writing a movie.

Things get a little tense, however, when Ross wants Joey to work and Chandler wants to play 'Fireball.'

Phoebe volunteers to collect Christmas donations for the poor, but ends up getting a bucket full of unwanted 'contributions,' so she gets tough with the donors.

Monica arranges for Rachel and Danny to go out.

It seems to be going very well until Rachel discovers that Danny has an unusually close relationship with his sister, Krista.

**slack n. 松弛 懈怠 懒散**

## Cut me some slack

“Cut me some slack!” 是我最常听到的句子之一。原因嘛，读下去就知道了。:)

看看cut sb some slack的**定义**：to not judge someone as severely as you usually would because they are having prob time. 也就时说，当某人表现不好或者犯错的时候，如果情有可原，就可以cut him/her some slack，类似中文里的“放某人一马”。

Tom is often late for work these days, but I'm sure boss will cut him some slack. After all, his wife just died. (Tom的儿子一定不会追究。毕竟，他的妻子刚去世。)

I know you've been through a lot, so I'm willing to cut you some slack here. But, don't you yell at me again, okay? (我知道你最近不好受，所以我愿意放你一马。但是，以后别再对着我大吼大叫了！适可而止，别太过分。)

顺便提一下另一个带cut的常用词组：cut it. 此cut it非彼cut it(= cut something)也。后者大家应该都熟悉——拿刀砍某物。思。它有点类似make it(= be successful)，往往用在否定句(not cut it)和反话(yeah, that's gonna cut it)里。定义可第二个条目)。举个例子：

A: Damn it! How many times do I need to tell you "everyday" is an adjective? You go to school "every day", not "everyday". (告诉你多少次你才记住啊？Everyday是形容词，和every day是两回事！)

B: Oh, cut me some slack. It's not like you can't understand me. I was just typing too fast, you know. (啊呀，别老揪住不放。只不过打字打快了点嘛。)

A: I'm sorry. Lame excuses just won't cut it. (抱歉，这种态度别想学好英语。)

**Ross:** I think he's been relaxing enough, thanks to you and Fireball.

**Joey:** Dude, if you think Fireball's relaxing, you've obviously have never played.

**Chandler:** The only reason you're doing this to Joey is because you're bored. Okay, **it's not his fault** that you're unemployed.

**Ross:** I am not unemployed. I'm **on sabbatical**!

**Joey:** Come on look guys, don't fight.

**Ross:** And **the reason** I'm doing this **is because I** am Joey's friend. And if you **were** a good friend, you'd **be** doing the same thing.

**Chandler:** Oh, so **being a good friend means** acting like a total jerk?

jerk <美俚>蠢人 古怪的人

**Ross:** If it does? Then you're an amazing friend of mine.

A churro is a fried-dough pastry-based snack which originated in Spain, and is popular in Latin America, France, Portugal, the USA, and Spanish-speaking Caribbean islands. It is sometimes referred to as a Spanish doughnut (n. 油炸圈饼) or Mexican doughnut. The churro is similar in shape to the horns (n. 羊角) of the Churro breed of sheep which is reared (v. 饲养) in the Spanish grasslands (n. 草原 牧草地). Porras are similar but with a round thicker cross section (n. 横截面), so named due to the fact that they usually resemble the form of a club. The churro is typically fried to a crunchy (adj. 发嘎吱嘎吱声的 易碎的) consistency (n. 粘稠 坚硬度). Its surface is ridged (v. 起皱) due to being extruded (v. 挤压) from a churrera, a syringe (n. 注油器) with a star-shaped nozzle (n. 管口 喷嘴) (round for porras). Churros are generally prisms (n. 棱柱) in shape, but instead of being straight they may be curled or spirally twisted.
